Lindsay Wildlife Experience is a 65-year-old nonprofit located in Walnut Creek, CA. Our mission is to connect people with wildlife to inspire responsibility and respect for the world we share. We accomplish this by saving animals' lives with the goal of returning hospital patients to the wild, and by providing guests with special, up-close encounters with our animal ambassadors. We treat over 6,000 animals per year and serve over 100,000 adults, children, and seniors. Please get involved in our mission and show your company's love for animals and people.
